

LSAB – April 30, 2018

Present: Elizabeth, Madison, Heather, mason, Jordan, Lilly, Mairwen, Rebecca, Maryke, Coleman.

I. The Hollins Room during exams: Maryke is gathering supplies and other needs for the Stress Relief Lounge in the Hollins Room during exams. Everyone helped color mandalas to decorate (thank you!). If you want to offer a 10-minute guided practice – anything that helps with relaxation - at 5:45 p.m. on Wed. – Mon., let Maryke know.

II. Guest – Meet Coleman Holth, our new Technical Services Assistant: Coleman graduated from Roanoke College, so he was familiar with our libraries as a student. Since graduating he has been substitute teaching, and preparing to go to graduate school for Information Science (AKA Library Science!). His main job since joining our library has been working on the cataloging backlog, which consisted of about a year's worth of un-cataloged new books; Coleman hopes to finish this projects in May, after which he will move on to working on digital projects. One of his interests is film, in particular foreign films.

III. Requests for finals snacks: Many suggestions were made – thank you!

IV. Recognizing seniors who are graduating: Jordan, Heather (and Mason), Lilly, Madison – all are graduating and we wish you well! If we've missed anyone who is reading this, please let us know you are graduating so we can properly thank you for being part of our group. You're the best, and we look forward to hearing about your adventures after Hollins.
